REPORT OF DISTRICT FIRE CHIEF AND YOUR FOREST FIRE WARDEN

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to $1,000 or a jail term of up to one year or both.

REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!

RURAL DISTRICT HEALTH COUNCIL
ANNUAL REPORT 1978

During the past year the Rural District Health Council has seen an increase in services provided by the Council. As the Federal Government studies the cost of health care, there is increased interest in home care and preventive medicine, as methods of reducing costs and improving health services. The Rural District Health Council continues to qualify as a certified home health agency, implementing procedures to continue to provide quality care.

The agency supported the Referral Coordinator at Frisbie Memorial Hospital for four years; with the increase in service and cost of the program, the agency looked to other sources for financial help. In February of 1978 the hospital agreed to reimburse the agency for this program. Mrs. Marie Dexter, R.N. continues to fill this position.

The agency's priority is the care of the sick services provided in the home.

The staff conducts Adult Health Screening clinics on Wednesday. The first and third Wednesdays it is held in Farmington. The second in Northwood, the fourth in Milton. For a better provision of services the program has changed its schedule and is providing the service twice a month in Farmington. This program cares for a great number of patients. There have been 595 patients seen, with 174 new patients enrolled with 52 direct referrals made.

The staff also participates in the after care program in cooperation with the Strafford Guidance Center and Seacoast Counseling Center.

The council continues Home Health Aide Services through the contract with the Strafford County Home Maker, Home Health Aide Association, and the Portsmouth Area Home Maker Home Health Aide Association covering Rockingham County Towns. The agency also employes two Home Health Aides, Gail LaRosa and Renee' Wormell. This enables the council to better utilize the professional staff while continuing to provide quality care.

The Child Health Program has once again seen an increase in service. Miss Arlene Thorne, R.N., coordinator of the program remains on the State Child Health Conference Committee. Because of the added case load it was necessary to have additional help. In August of 1978, Mrs. Paula Davis, R.N. was employed to work within this program and also to act as coordinator of the Elderly Health Screening Program.

The Child Health Program offers physical examinations, immunizations, teaching and counseling for ages 0—6 years with an enrollment of 842 children. It also provides a Dental program which includes

cleaning and flouride treatment twice a year, with referrals to local Dentists for follow-up care when needed. This program provided service to 513 children 3–6 years with 163 referrals to local Dentists. Home visits are provided when necessary to assure continuity of care. This is funded in part by the U.S. Dept. of Health Education and Welfare, N.H. Division of Public Health, Bureau of Maternal and Child Health grant and the Rural District Health Council.

This year the agency has opened its clinics to school children to make it possible for the schools to raise the level of immunity within the school age child.

The agency is providing the medical component to the Supplemental Food and Nutrition Education Program for Women, Infants, and Children, (WIC) in conjunction with the Strafford County Prenatal Family Planning Program, Inc. The program provided service to 225 children from ages 0–5 years. The food includes, formula, dairy products, fruit juices and cereals.

Transportation being a factor in the areas covered by the agency, the council offers space to the Strafford County Prenatal and Family Planning Clinic to hold a satellite program for family planning once a month.

The agency's dedicated staff is Mary Timmons, R.N., Supervisor, Arlene Thorne, R.N., Paula Davis, R.N., Marie Dexter, R.N., Barbara Drew, R.N., Myrtle Walsh, R.N., JoAnn Pearson, R.N., BSN, Betty Coons, R.N., Alice Ziegra, R.N., BSN, Gail LaRosa, Renee' Wormell, Carl Scholl, RPT, Eleanor Eaton and Junellen Chase.

With the increased cost of the home visit the council feels it is more realistic to increase the charge per visit for the care of the sick. The agency continues to feel that patients who are not covered by insurance are not expected to pay the full charge. The council provides service to anyone regardless of ability to pay. This allows the per capita request to remain at $1.50 from each town.

During the past year the council has made 403 skilled nursing visits, 151 Home Health Aide visits, 0 Physical Therapy visits, 68 Child Health Visits, and 116 children have attended the Child Health Clinic.

Anyone interested in additional information is urged to contact the Rural District Health Council, Inc. P.O. Box 563, 6 So. Main St., Farmington, N.H. 03835. Telephone 755–2202 – between the hours of 8:00 A.M. – 4:00 P.M. Monday – Friday.

RECREATIONAL COMMITTEE REPORT

At Town Meeting in March of 1977 a Recreational Committee consisting of three persons were appointed by the Selectmen. Their objective was to see if anything recreational could be salvaged after the "Old Dump" site was filled and covered according to State Specifications.

This committee worked thru the month of April and into May surveying the property lines and drawing layout maps. It was finally decided that a field of sufficient size could support a Little League age, Babe Ruth age, High School Softball, and softball groups of men and women on that field without adding any additional costs.

The above information was turned over to the Selectmen and things began to happen. It is now our pleasure to announce that all the bulldozing, leveling, grading and seeding of the ballfield is complete. The backstop, screening down first and third base lines (to protect the players) benches, scoreboard and yes, even a center field flagpole are all in place. All base paths are graded with clay and we actually saw two church teams play a game on the field.

This took care of Phase I. In November 1978 Phase II was started. This Phase hopefully will consist of a parking lot, perhaps tennis courts, shuffleboard and an outdoor basketball court. We also planned on using the area normally covered with water for ice skating. Thereby using all of the property for recreational purposes and trying to provide something for everyone of all ages.

In addition to providing a recreational facility for the town we would also like to mention that the land of the adjacent property owners has been cleared of all refuse placed there either directly or indirectly from the old dump, rats have been eliminated and no longer will we enjoy our Milton smog and smell from dump fires.

This park is a long way from being complete, but we hope that the people of Milton realize this is their park and something they can be proud of in the years to come, and that they support and build on the foundation that is there.

It must be obvious that funds and equipment over and above contracted fees were used. We would like to especially thank the following: Milton Community men and the Teneriffe Sports Club for their generous contributions. James Barrett and James Sanborn of the Water Department for their many hours of work and for the use of their department's truck and welder, the highway crew for the use of the York Rake, the Fire Department for burning our many brush piles, to Andy Lucier and Ed Tostouin, to the Selectmen for guidance and

listening to our complaints and finally to Roger Laskey who performed all the earth moving tasks.

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Milton qualified to vote in District affairs:

You are hereby notified to meet at the High School Auditorium in said District on the 10th day of March 1979, at 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

2. To choose agents and committees in relation to any subject embraced in this warrant.

3. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District.

4. To see if the District will authorize the School Board to withdraw after July 1, 1979 an amount not to exceed sixteen thousand six hundred dollars ($16,600.00) from the Nute Capital Reserve Fund for the purpose of roof renovations to the building referred to as "Old Nute."

5. To see if the District will authorize the School Board to withdraw after July 1, 1979, an amount not to exceed thirteen thousand three hundred dollars ($13,300.00) from the Milton Elementary Capital Reserve Fund for the purpose of renovations and complying with the requirements of the State Fire Marshal's report, dated August 2, 1978.

6. To see if the District will vote to appropriate a sum of money not to exceed nine thousand dollars ($9,000.00) from the unencumbered balance at the end of the 1978–79 fiscal year. Said sum of money to be added to the funds referred to above in the previous articles which are to be applied toward renovations to the Milton Elementary School, bringing the Milton Elementary School into compliance with the requirements of the State Fire Marshal's report, dated August 2, 1978 and completing the roof repairs to the building referred to as "Old Nute."

7. To see if the District wishes the School Board to reduce pupil transportation services to the legal requirements of State Law (RSA

189:6, RSA 189:7 and RSA 186–A:9) or maintain the present level of services which exceed the minimum requirements of state law.

8. To see if the District wishes the School Board to investigate a more cost effective supervisory model than the present Supervisory Union structure.

9. To see if the District will authorize the School Board to make application for and to receive and expend, in the name of the District, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies.

10. To transact any other business which may legally come before this meeting.

Given under our hands at said Milton this 15th day of February 1979.

REPORT OF THE SUPERINTENDENT AND ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Milton School District:

Enrollment in the Milton Schools as of September 20, 1978, was as indicated below:

Grade	1	2	3	4	5	6	7	8	9	10	11	12	Total
Milton													
Mills	22	24	14										60
Grammar	27	22	19	48	59	41							216

Total	49	46	33	48	59	41	47	37	50	54	60	41	565

The Milton School District is also responsible for the education of five handicapped children currently assigned to the Great Bay School and Training Center in Newington, New Hampshire, one handicapped child being tutored at home, one child assigned to the Woodman Park School in Dover, New Hampshire and twenty-one pupils who are enrolled in the Somersworth Vocational High School. These pupils raise the total number of children being educated by the School District to 593.

The replacement of members of the teaching staff in the Milton Schools was as listed below:

REPLACEMENT	REPLACED	GRADE OR SUBJECT
Sheldon Damon	John Buckley	Principal
Joan Haskins	Richard Willard	Grade 6
John Drost	Catherine Willard	Grade 6
Rosanne Cornacchia	Joan Kaszynski	Music 4–12
Karen Latusek	Eva Brown	Business Education
Susan Leonard	James Minichiello	Grade 5
Nancy Myers	Virginia Phinney	Grade 5
Kristen Abrahamson	New Position	Special Education

In April of 1978 the State Board of Education adopted an original document entitled GUIDELINES FOR THE IMPLEMENTATION OF NEW HAMPSHIRE ACCOUNTABILITY PLAN. The purpose for this action was to require each school district to re-evaluate its current curriculum, teaching techniques and testing procedures in order to insure the accountability of the district's educational programs to the citizens. In anticipation of this decision by the State Board of Education this office has been stressing the importance of curriculum development to all principals in the Supervisory Union since 1976. Faculty curriculum efforts from throughout the Supervisory Union were reviewed and consolidated this past summer by an accountability/curriculum committee composed of teachers from the various school

districts. Mrs. Mary Jane Boggs and Mr. Edward Tostiven served on this committee as the teacher representatives from the Milton School District. After many long hours and much effort, the committee developed common educational objectives and identified specific learning tasks to be mastered by the pupils. We are presently working on reviewing our current achievement test, the Science Research Associates Achievement series, to determine the validity of this test relative to its ability to assess the progress of our pupils. The intent of this plan is to identify any necessary curriculum modifications in order to insure that our pupils are achieving the basic rudiments of a sound education.

As I stated in this report two years ago, one of the most far reaching laws to be passed in recent years in terms of the impact it will have on local school district budgets in P.L. 94–142. Subsequent to the passage of this new Federal law, our own New Hampshire Legislature passed House Bill 16 which caused a significant alteration in the budgetary process through a revision of State law RSA 189–A. Prior to the passage of H.B. 16, local school districts were only required to budget up to double the State wide average tuition rate for the handicapped child in question in the event that the child required specific schooling outside of the school district. If there were any excess costs for such an out-of-district placement of a child, the receiving school would bill the State Department of Education directly for the additional costs. H.B. 16 has revised State law RSA 189–A to the point where the local school district must pay the **ENTIRE** cost of educating a handicapped child for whom an out-of-district placement has been deemed necessary. While the local school district liability remains the same at double the State wide average tuition rate, the revision of State law requires the local district to submit a reimbursement request to the State Department of Education for the excess costs. This action has forced local school districts to budget the full costs of out-of-district placements on the expenditure side of their budgets and to show the anticipated reimbursements from the State Department on the estimated revenues side of the budget. For this reason, at first glance it would appear that our Special Education costs at the local level have sky rocketed dramatically when in reality the **ACTUAL COST** to the local school district has not risen as rapidly as the combined figures would indicate to be the case.

In addition to conducting the normal curriculum development activities and bringing the school district into compliance with the new Special Education Legislation, this office will be assisting the School Board and administration in developing an awareness for the new school financial accounting system referred to as **FINANCIAL**

ACCOUNT CLASSIFICATION HANDBOOK II REVISED. This newly mandated financial accounting system must go into operation as of July 1, 1980. While it appears that this new accounting system will make a school district's budget and bookkeeping more complex in terms of additional paperwork, it will enable the school boards to retrieve information more rapidly which should contribute to more effective management decisions.

The Federal and State governments have placed a large degree of importance on energy conservation practices through the passage of the National Energy Act. Local school districts may soon become eligible for 50/50 matching grants totaling 1.5% of a respective school district's total energy costs for the preceding year. These grants according to our latest information will enable school districts to contract for the proper insulation of ceilings, the installation of combination windows, renovation of existing heating plants, etc. This office will assist local school districts with the application process for these funds.

In summary, we wish to express our appreciation to the members of the School Board, the teachers, pupils and citizens for the cooperation exhibited during the past year. We look forward to a long and productive relationship in which our mutual goal will continue to be the best possible education for our young people.

Respectfully submitted,

BARRY L. CLOUGH

PRINCIPAL'S REPORT
ELEMENTARY SCHOOL

1978 has been a year in which the Milton Elementary School has undergone several changes within the staff and to the school building. The new staff members are: Mrs. Joan Haskins and Mr. Drost, sixth grade; Miss Susan Leonard, fifth grade; Miss Kristen Abrahamson, Special Education; Miss Rosanne Cornacchia, High School and Elementary Music; Mrs. Judith Gilman, part-time Secretary, and Mr. Sheldon Damon, Principal. Mrs. Nancy Myers has moved from the defunct Readiness Program to fifth grade; and Mrs. Elaine Lord has moved from the part-time Secretarial position to the Kitchen as a Cook.

Renovations and repairs to the building covered under the Economic Development Act grant were completed in the fall. As a result, the Elementary School now has new boy's and girl's lavatories, and the old portion of the building has a new roof. Increased building costs prevented completion of the playground resurfacing project.

Upon approval of the budget, work will continue to make repairs and upgrade the overall appearance of the Elementary buildings.

In spite of a large turnover in students during the past year, our overall school population has remained steady. As of January 1, 1979, we have an enrollment of 276 as opposed to 274 at this time last year.

I would like to thank the faculty and staff for their cooperation in getting the 1978–79 school year off in a positive direction.

Respectfully submitted,

SHELDON R. DAMON
Principal

PRINCIPAL'S REPORT
NUTE HIGH SCHOOL

At the time of this report, 285 pupils are in attendance at Nute High School.

We have two new staff members since last year's town report: Miss Karen Latusek, Business, and Miss Rosanne Cornacchia, Music. In addition, Miss Kristen Abrahamson is sharing her Special Education services between the high school and the grammar school. Also, returning to the staff is Mr. Henry Fields. His presence is most welcome. It is reassuring to know the maintenance of the building is in such competent hands.

This year we have 21 students attending the Somersworth Vocational Program. They are enrolled in the areas of Building Trades, Auto Mechanics, Media Communications, Food Preparation, Medical Services, and Child Care.

The task of coordinating the curriculum 1–12 is complete. This year Spanish was added to the foreign language offerings, and we were able to offer Home Economics and Industrial Arts to the Seventh grade for a full year, instead of the usual half-year program.

Milton was a major contributor to the accountability model (basic compentencies) developed by Union #44 and submitted for state approval.

This year seniors will be taking the SRA's. In the past grade 1–8 only were tested. This will give us bench-mark regarding our high school curriculum.

Finally, Mr. Tomes informs me that of last years 39 seniors, 14 are receiving further education, 22 are working, and the remaining three are married and keeping house.

Respectfully submitted,

CHARLES A. CANGE
Principal Nute High School

REPORT OF THE SCHOOL NURSE

Milton School Health Report 1977–1978

Early in the school year various health screenings were conducted, including heights, weights, hearing, and vision. Parents were notified if any problems were detected.

During the school year, the 4th, 7th, and 10th grades, as well as all students participating in school sports, were given physicals by our school Doctor, Dr. Lord. Whenever an abnormal condition is found, the parents are notified and advised to consult a Physician of their choice. Any student who wishes to go to their own Doctor for such physicals may do so.

Several times during the year we have head checks for Pediculosis. We have been fortunate, and haven't had a real problem with head lice – thanks to everyone's cooperation.

The School Dental Clinic for grades 1–6 was held during January and February. As in the past, the participation was excellent. All students participating receive dental cleaning, examination, a topical flouride treatment, instructions on proper brushing, and the importance of good nutrition is reinforced.

A clinic was held in the Spring offering all students in grades 7 thru 12 Diptheria-tetanus and Polio boosters. Approximately 125 students received free immunizations.

In September 1977 I started teaching a 7th grade health class. All 7th grade students receive a half-year of health education. Hopefully, this will help them to be more informed on numerous health related matters, and more qualified and capable to make correct decisions in order to maintain good health. I am always available as a resource person for all students and teachers.

I wish to extend my thanks to everyone for their help and cooperduring the past year.

Respectfully submitted,
